

# How many bugs can you find?

1. Print & Cut out the bugs
2. Tape the jar to a wall or door in your house
3. Hide the bugs around the house
4. Have the kids find the bugs and place them in the jar (use tape)
5. Count how many bugs each person found
6. Talk about the 4 different kinds of bugs

## **Other options –**

- Print 4 jars & have them place each kind of bug in a different jar (sorting practice)
- Print 1 jar for each child

**HAVE FUN!**

How many bugs can you catch?
